ABOUT

Chinchilla Scientific and Life Sciences Incorporated is a trusted provider of laboratory equipment and supplies supporting all research types and workflows. Specializing in serving government agencies, contractors, and industrial accounts as a Woman-Owned Small Business.

CORE COMPETENCIES

- **Cold-Chain Lab Storage:** Medical-grade refrigerators, ultra-low temperature (ULT) freezers, and temperature monitoring.
- **Liquid Handling Precision:** Certified RNase/DNase-free pipette tips, low-retention microcentrifuge tubes, and automated workstation plates.
- **Analytical Instrumentation:** High-performance quality control testing instruments and live-cell imaging.

PAST PERFORMANCE

- **Gynecological Cancer Institute of Chicago** - Ultra Cold Freezer for cancer biopsy specimens.
- **DLA Aviano Italy** - laboratory supplies.
- **US Air Force Wright Patterson AFB** – Digital Refractometer.
- **USEPA Region 3** – Laboratory analyzer installation, service, and support.
- **Kansas City VA Medical Center** – Pipettes.
- **Texas A&M ARS** – Plant research growth chamber, including training and installation.

DIFFERENTIATORS

- **Authorized OEM Reseller:** Tier-1 direct distribution partnerships with leading global manufacturers.
- **Full-Spectrum Support:** Offering a complete lifecycle loop from equipment selection and provisioning through ongoing technical support.
- **Rapid Delivery Infrastructure:** Distributed nationwide from ISO 9001:2015 certified warehouses with real-time tracking.
- **Contract vehicle:** GSA MAS
